Summary — Motivated and detail-oriented Java Developer graduate with a strong foundation in Core Java, Object-Oriented Programming (OOP), SQL, and basic web technologies. Experienced in developing academic projects using Java and familiar with software development tools including IntelliJ IDEA, Eclipse, and VS Code. Passionate about learning modern Java technologies, problem-solving, and building scalable applications. Seeking an entry-level Java Developer role to contribute technical skills while growing in a professional software development environment.

Technical Skills

Core Concepts : OOP, Data Structures Algorithms (Basic), Exception Handling, Collections	Tools IDE's : VS Code, PHP Storm, IntelliJ IDEA, Eclipse, Git(Learning)
Programming : Python, Java, C+, C++	Operating System : Windows, Linux
Database : SQL	Web Technologies : HTML, CSS, Java-Script

Education

Maharshi Dayanand Saraswati University, Ajmer
Bachelor of Computer Applications (Honours)

Sep 2022 – Dec 2025

Academic Projects

- Java Calculator Application – Developed a calculator application to perform arithmetic operations using Java.
- Number Guessing Game – Built a console-based game using random number generation and conditional logic.
- Student/Bank Management System – Designed a Java-based console application to manage records using OOP principles.
- Java Practice Applications – Developed multiple programs including factorial calculator, pattern generation, and logic-building exercises using loops and functions.

Soft Skills

- Able to quickly grasp new concepts, tools, and technologies effectively
- As a fresher, I easily understand new concepts and learn fast.
- I enjoy working with others, sharing ideas, and supporting my team.
- I try different ways to solve problems and improve my logic.
- I plan my tasks well, meet deadlines, and stay organized daily.
